

**Call No. : F SHE**

# **Everything we ever wanted**

**Author : Sara Shepard**

One phone call can change everything.

This book is about the main character Sylvie who received a late night phone call from the prestigious school her grandfather founded at 9 a.m. She knew it wouldn't be something she wanted to hear. Sylvie was hard working and tried to do everything perfect in her life because she had to keep the reputation, heritage and the big old house.

Sylvie had two adopted sons, Charles and Scott. One of her adopted sons Scott got involved in a scandal in the school. Then the family got into chaos. She chose to try her best to keep everything in order but she thought the son did not want her to do anything.

Now, I am not going to tell you about the ending. You can borrow this book from the library and get it yourself.

*Everything We Ever Wanted* shows that if you work hard, your dream will come true.

After reading this book, I think it is not easy because there are many difficult words so I have spent quite a long time looking up the words online. That's why I also think the author should use more pictures and illustrations. It would be better and more interesting. The story in this book is interesting and it could make me feel excited so I wanted to finish reading the whole story.

About the author Sara Shepard, she has also written another book called *All the Things We Didn't Say*. It's the next book I want to read.
